**IMPORTANT INFORMATION REGARDING
INSURANCE BILLING AND MISSED VISIT POLICY**

Dr. Walter is here to provide you with the best medical care. Her primary concern is your health and well being, not your insurance company. Therefore, it is your responsibility as the patient to be aware of what your policy covers.

It is very important for you to read your insurance policy very carefully. As we participate with numerous insurance companies and each company has many different plans. We cannot possibly be aware of each patient's particular coverage. You will receive a bill if the service is one that is not covered under your policy. It is very important that you are familiar with the benefits and policies of your insurance, as well as choosing a lab that your insurance company participates with.

Lab choice _____

No show for appointments without 24 hours notice to the office may result in a \$15.00 service fee billed directly to the patient, regardless of the insurance provider.

I have read the above and understand that I am responsible for knowing the coverage and benefits of my insurance policy
